

**Cycling Delivery Group
Report to Kenilworth Town Council
12th January 2023**

The main activity of the group in this period was the attendance at the Christmas Market in Talisman Square on 10th December. This included engaging with members of the public about road safety issues, safe cycling to school and potential routes outlined in the LCWIP.

The reception from the public was extremely positive with many people recognising the continued increase in the number of cars on our roads making the need for safe cycling routes even more important.

Infrastructure updates:

The work on the development of the Clarke's Avenue footbridge is now due to commence w/c 20th March 2023.

A letter is being sent to Warwickshire County Council on behalf of Kenilworth Town Council, Royal Leamington Spa Town Council, Warwick District Council, Warwick University, Clean Air Warwickshire and Cycleways requesting a meeting to understand the progress K2L and the robustness of the plan to ensure its deliverability.
