All the businesses are participating, please see the list below, we are putting on individual events in our businesses to showcase our services and help raise some money for charity, we will each be doing canapes and drinks for our customers, prizes, discounts, gift vouchers and goodie bags.

Any funds received will go towards advertising the event for the whole group and children's entertainment.

We hope to showcase to the local community, how we can all be of service to them, whether it's using the services we offer or attracting additional staff to the businesses, while raising some money for charity in the process. Each separate business will be doing their own offers, food, drinks, business cards, discounts, mini treatments, products for goodie bags etc on the day.
We will also cover the cost of the Nub News advertising, social media and content creation for the posters/flyers.
