FGS. 169 REVIEW OF CHRISTMAS EVENTS 2024

- (i) Cllr P Jones provided a verbal update on the recent Christmas Illumination Events on the High St and Warwick Road. Both were very well attended and the lights were switched on by community representatives alongside the Mayor and MP.

Cllr Jones reported that feedback had been received concerning making both events more community focussed. This feedback will be reviewed ahead of next year's events and taken on board wherever possible.

Cllr K Dickson provided a verbal report on the Christmas Market in Abbey End. This was an excellent event, only slightly affected by the change of date due to the poor weather. Both Santas and the Christmas Elf were a great success. Cllr Chalmers added his thanks to the mayoral cadets for their attendance.

FGS. 170 VE DAY 80th ANNIVERSARY

Cllr A Chalmers advised that planning was in the early stages and ideas were still being considered. A picnic in Abbey Fields was one option, however, the Town Council understood Castle Hill Fest was taking place on the same day. The group will therefore discuss a way forward with the organisers. Cllr Chalmers said an event at the Castle could take place on the day itself with a beacon being lit in line with the National celebrations.

The group will bring a formal plan and budget to the next meeting.

FGS. 171 DIGITAL NOTICEBOARD

Cllr A Dearing provided a verbal update and advised the group had met and engaged with local community organisations who were enthusiastic about contributing to the board. The group were on track to provide the information requested by the CIL Group to complete their application for funding.

Cllr Dearing and Cllr Summers recently visited Oadby in Leicestershire to view their digital board and to discuss its operation. This was a positive visit and information was shared concerning time spent, cost, advertising space and content.

Members questioned who would be responsible for updating the board as officer time was already stretched and why a static board would not do the same job. A brief debate ensued. Cllr K Dickson said that when this matter was brought back before the CIL group for funding consideration, a request was made for many of these questions to be answered as part of the application.

FGS. 180 BUDGET AND PRECEPT FOR FINANCIAL YEAR 2025-2026

Cllr J Kennedy outlined the published budget proposals and financial forecast and thanked the Chair and the Clerk for their work on this matter. The priority was to make Kenilworth a better place to live and work, and to deliver value for money for residents.

Cllr Kennedy explained that the majority of the Town Council's income comes from the precept, yet this is only 2% of the total precept paid by Kenilworth residents. Cllr Kennedy explained that there has been an increase in staff costs due to a recent pay review and the Government's decision to increase Employer contributions. Cllr K Dickson added that ongoing cost recovery would be a factor for future discussions for these points.

Cllr Kennedy advised there would need to be an annual increase of £2.17 per average household in the town. This brought the precept contribution up to £26.90 per annum which was still well below the National average. The Kenilworth precept is the lowest of all towns within Warwick District.

As the Town Council must maintain general reserves of at least £75,000, Cllr Kennedy asked the Clerk to prepare a report on the impact of this budget on future reserves to bring to the Town Council meeting on 16 January 2025, prior to this budget being approved.

Members discussed the use of our reserves and those budgeted for. Whilst this Council budgeted the use of £20,000 from general reserves last year, this was unlikely to be needed due to an increase in income from other sources throughout the year. The Clerk confirmed the reserves had not altered significantly in the previous three years. Members were keen to see this benefit returned to our residents.

Members proposed, seconded and:

RECOMMENDED the precept be set at £26.90 per household (Band D) for the financial year 2025-2026. The balance of funding for any adopted budget, beyond that provided by the precept, and other identified income, will be drawn from the earmarked and General reserves.

FGS. 181 CIL APPLICATIONS FOR CONSIDERATION AND RECOMMENDATION

Members considered an Application for CIL Funding Support in the sum of £4,000 from the Pedestrian Safety and Traffic Issues Task & Finish Group. This was to obtain an Active Travel Access Appraisal for Kenilworth School.

Cllr Leventhal explained this application had been reviewed by the CIL Group and had been approved as a suitable use of funds. Cllr Leventhal explained this Appraisal was required in order to offer tangible solutions and support to both the school and WCC and to avoid anymore of an impasse or block on progress.

Cllr K Dickson acknowledged that this was something that should be funded by WCC, however, Members were in agreement that, as this had been refused by WCC, it was appropriate that something was done to improve the situation at the school.

Members discussed how this situation had arisen and whether WCC approval would be needed for any remedial work. Overall, it was not the role of this Council to identify whether mistakes had been made, and all possible mitigation had been taken to avoid the risk of WCC failing to approve further works as may be identified in the appraisal.

Members were keen to support this project in its progress and it was duly proposed, seconded and:

RESOLVED that the sum of £4,000 be granted to the Pedestrian Safety and Traffic Issues Task & Finish Group from the Community Infrastructure Levy Fund. This grant is to fund an Active Travel Access Appraisal for Kenilworth School.
