20 February 2025
KENILWORTH TOWN COUNCIL

KMAT Leisure Management Committee Update

The committee has not met since September 2024 because the scheduled January 2025 meeting did not take place.

The following information has been requested to help assess whether KMAT is delivering on its commitments:

1. Trends in public sports and leisure bookings compared to the same period last year, including percentage changes.
2. A list of public performances held since the installation of new hall lighting and audio.
3. Details on how the hall is being advertised to the local community and the level of enquiries received.
4. Progress in membership numbers compared to the summer term last year.
5. Updates on outreach efforts to engage a wider range of community groups.

The KMAT management team have been chased for a revised meeting date but no response has been received.

Further updates will be provided once KMAT information is received.

Cllr. Adrian Marsh
