NUMBER OF KENILWORTH RESIDENTS TO BENEFIT	This high-quality temporary storage unit will provide significant support for many of the large community events within Kenilworth, which benefit most of the Kenilworth residents and visitors. In particular, it is urgently needed to cover the shortfall in the storage capacity for equipment and other items used by

	Kenilworth Lions to put on various events around the town, viz, The Grand Show, The Duck Race, Carols at the Castle, etc. In addition, this temporary storage unit will be available to support other local organisations for use with their events.
OTHER INFORMATION IN SUPPORT OF THE APPLICATION	
The first event that will be able to benefit significantly from this temporary storage unit is the Lions Grand Show, 10 June 2025. There is currently simply a lack of space to store all the necessary equipment for the show before the event, or after the event when the equipment needs to be thoroughly cleaned and checked. This temporary storage unit will be located close to the Lions Store, thanks to the generosity of Alex at Glossy Car Coats who has lent Lions part of his premises rear yard. This will save substantial money on transport costs, time to move equipment between locations and the sheer frustration because of clashing requests. The Lions will undertake to provide this storage unit and help to erect it at other required locations for other organisations when necessary if the other organisations need use of it and cannot manage on their own. Please also note ... Lions as an organisation donates as much money as possible towards helping worthy causes, local, national and international from the funds that we raise. The more we spend on material things the less we can give in support of others, so we would look to other organisations for initial funding help for material things, such as this storage tent that we are requesting from Kenilworth Town Council. We would subsequently store and maintain such material things during their lifetime at Lions expense even though other organisations benefit from the ongoing use of this material. We have lots of people able and willing to carry out maintenance etc at our own expense, not even Lions, over a long period of time. This ongoing maintenance lifetime cost usually outweighs the initial cost of acquisition.
